Governor Linda Lingle Governor, State of Hawai'i Executive Chambers State Capitol Honolulu, Hawai'i 96813

Dear Governor Linda Lingle,

PUBLIC UTILITIES

COMMISS ON PLU RECEIVED

AUG 1.4 2003

We are writing you to plead for your help in relieving a situation that threatens the health, safety and well-being of the communities of Molokai, Hawaii.

An alarming new chapter is about to be written in a continuing story of abuse by the developer/owner of water utilities that "serve" communities on the western half of Molokai: yet another water rate increase. If granted, the latest request will triple the water rates for residential users from the level paid before the Public Utility Commission granted an interim increase in August, 2008.

The prospect of water rates three hundred percent higher than they were one year ago is grim. But what makes this latest rate initiative so insidious is that it is being pursued by Molokai Ranch, the parent company of Molokai Public Utilities and Wai'ola, with the same style of bullying and intimidation that it used successfully to gain the August, 2008 interim rate hike. This includes a refusal to supply regulators (or anyone else) with independently audited financial statements and other information needed to determine this foreign company's actual and legitimate costs of operating utilities on Molokai. Without such information, how is it possible to determine fair and reasonable rates? The Ranch's demands come with an explicit threat that it will precipitously abandon operation of these utilities if its demands are not met.

In a cost-constrained environment, this latter tactic has been especially effective against State and County governments who are more than reluctant to assume new fiscal responsibilities, even though a government-funded study recommended combining all water utilities on Molokai and placing them under County of Maui control.

We need your help to get a fair and unbiased hearing before the PUC. All we ask is that the PUC analyze and audit independently the Ranch's latest rate increase request, and give the ratepayers full and fair consideration, consistent with the highest standards of due process, unlike the procedure during the granting of the 100% increase in August, 2008.

We also ask for your help in ending the Ranch's intimation of their customers by helping to identify a credible successor, public or private, and to have Molokai Ranch assure the residents of Molokai that they cannot be denied quality water at a fair and reasonable price.

Sincerely, The Island of Molokai, Hawaii Cc: President Barack Obama
